Kia ora koutou,

Fantastic news.

We are really excited about the fact that New Zealand has moved to Alert Level 1. It is extra pleasing for the children because they can now enjoy many other school activities with their friends. We will continue to follow the 10 Golden Rules of good health and hygiene.

For classroom learning there will be no major changes to what we are doing and our school continues to be safe to attend. The cleaning staff have effective routines in place. It is encouraging to see that children, family members and staff are doing the right things when they are not well. As we get deeper into Winter, we need to be careful with health and hygiene.

Parents/whanau who are visiting the school asked to come to the office first. We are supporting contact tracing by asking parents to sign in. QR code is also available for added record of the visit. If you haven't already downloaded the NZ COVID Tracer app the Ministry of Health's [NZ-COVID Tracer app page](#) has information to help you do that.

Please check in at the office first.
