

Strong home school partnerships make it possible for the students to feel more confident because they know there is combined support for their learning.

With current Red setting restrictions, the normal 'Meet the Teacher' arrangement is not advisable.

Although we cannot see you in person at school, we do want to share with you the goals, targets, ideas and activities that we have planned for 2022. This year, class teachers will be sending special Team Newsletters. Teachers will introduce themselves and inform you about the events and learning programmes in the various classes.

We hope that you will find the Team Newsletters interesting and informative. You may wish to e-mail or write to the teacher with any feedback or questions.

Use this free App on your phone to get Mayfield School notifications. A great way to stay in touch.

12 Pearl Baker Dr, Otara, Auckland 2023

Kia ora, Kia orana ,Talofa lava, Malo e lelei, Fakalofa lahi Atu, Bula Vinaka, Namaste, Ni Hao, As salaam alaikum, Greetings to all.

A very warm welcome to all the children, families/whanau. We are looking forward to working together towards a happy and successful full school year. We continue to believe that Mayfield Primary is a great school, and it is important to us that our students feel that school is a happy place to come to each day. The staff members have spent time before the start of school focusing on health and wellbeing and positive learning in 2022. It is always heartening to see children return to school and new students joining the community of learners at Mayfield.

We are learning to keep ourselves safe through this pandemic. It is our responsibility to help others to keep safe too.

The school is well resourced to enable all students and staff to follow the public health measures.

At this stage only essential visitors are able to come to the front office. Please wear a mask, hand sanitise and scan the QR code when visiting the school.
