

Team Te Papa (continued)

Weeks 5 and 6

Life Education Counties Manukau is a charitable trust that delivers a flexible health programme to children in schools.

An experienced teacher who has undergone additional training for this specialist role resource will be delivering lessons to our tamariki.

Our students will have a unique experience in engaging in a learning environment -the mobile classroom will come to Mayfield School.

Volcanoes

The Auckland region can also be affected by eruptions from other New Zealand volcanoes, such as ash from the Taupō Volcanic Zone. Volcanoes can produce a wide variety of hazards, hence, our students will be learning about the volcanic risk in our community.

Students will be involved in putting up a [Household Emergency Plan](#), assemble and maintain our [Emergency Survival Items](#). *Our EOTC will be in the second half of the term to the Auckland War Memorial Museum.*

Miss Abelita, Mrs Prasad, Mrs Rattan, Mrs Mack, Mrs Singh

Team Te Moana

Education Outside The Classroom - AUT Millennium

In Week 1 Team Te Moana tamariki had the opportunity to participate in a range of aquatic and land-based activities such as kayaking, water safety, team building and rock climbing. This hands on learning experience was based on the Physical Education and Health curriculum of NZ schools.

SWIMMING

Team Te Moana tamariki will be attending swimming lessons in Otago Swimming Pools every Friday this term. The swimming lessons will start from Week 2. The children will be grouped on their skill base in classes designed to ensure constant forward movement. Some water safety skills are incorporated into the programme.

Learn to Learn

Our topics for term three:

- **Taha Tinana (Weeks 1 – 5)**

In this unit, our tamariki will explore ways to enhance their physical well-being.

- **Pasifika (Weeks 6 – 10)**

In this unit, our tamariki will explore Pasifika cultures in order to understand and appreciate the cultures in our community.

Life Education Counties Manukau is a charitable trust that delivers a flexible health programme to children in schools.

Our students will have a unique experience in engaging in a learning environment - the mobile classroom from Week 5 to Week 6. This programme will enhance the students' learning about Taha Tinana (physical well-being).

Te Reo Maori Week 8

Swimming Lessons

Start Week 2 Friday 5th August

and finish Week 9

Friday 23rd September.

No swimming Friday 16th

September.

Team Assemblies

Even weeks Wednesday

Update

We welcome Mr Ray Singh to Team Te Rangī. Ray completed his last Teaching Practice at Mayfield, and loved Mayfield so much he has returned to teach our tamariki in Room 12. Mrs Sashi Singh has moved to Team Te Papa to teach Room 4.

Language Weeks

This term we celebrate Cook Islands, Tongan and Te Reo. These weeks allow our students to share the richness and importance of their culture. These are very special weeks for all of us.

Swimming

Swimming is a very important part of our Health and Physical Education Curriculum. Our statistics for drownings in NZ is too high. It is important that your child takes part in these free lessons to develop their confidence in the water.

If your child does not have swimming togs please let Mrs Hall in Room 15 know.

We look forward to all our students taking part in this wonderful activity.

All students will be going to the pool with their class.

*Mrs Lal, Mrs Hall, Mrs Sudhakar,
Mr Cullen, Mr Singh*

*Kia ora, Kia orana, Talofa lava, Malo e lelei, Fakalofa lahi Atu,
Bula Vinaka, Namaste, Ni Hao, As salaam alaikum, Greetings to all.*

It feels fantastic to start a fresh new Term and to see an increasing number of students back at school. Our highest return for Week 1 was 83% of students back at school to learn. Thank you parents/whanau for the support and well done Mayfield students and teachers.

In this newsletter, Team Leaders will be reporting about the learning experiences and action plans for their Teams in Term 3. We hope you find this informative and helpful.

Team Te Papa

People Who Help Us in Our Community

Weeks 1 to 4

Our students will be learning about the people who help us in our community. We will find out how they help us. Students will also be discussing our roles and responsibilities in the community.
