Ka pai Mayfield Athletics Team

Mayfield's Athletics team participated in the Otago Cluster Tournament, competing against eight other schools. On a very hot day, our athletes performed exceptionally well, securing **SECOND** place overall. Congratulations to all those who took part. Our sincere thanks to Mrs Finau and Mr Singh for coaching the team and for organising the Cluster event. It was a very successful day.

This year, just like every year, success has varied for each child. Some have made impressive progress in their learning, while others have excelled in sports, the arts, or leadership roles. For many, the progress has been an individual journey, such as building relationships and demonstrating respect, responsibility, and resilience. These achievements did not occur by chance; they are the result of the environment we create, where children feel valued, supported, and inspired.

Celebrating Success

Our School Curriculum Leaders have been reviewing the teaching, learning and achievements in classrooms. Here are some snippets from the Curriculum Reports.

- **Literacy:** We are particularly pleased that 75% of the Year 3 students achieved the school target in Reading.
- The Best Start Literacy Approach (BSLA) programme is showing promising results due to structured teaching and learning.
- **Mathematics:** The use of PRIME Maths Pro provided teachers and students with valuable digital resources, including detailed plans and interactive materials. The availability of manipulatives helped students better understand mathematical concepts through hands-on learning, contributing to improved engagement and comprehension.

Teamwork makes the dream work

The end of the school year generates a range of feelings and emotions for those who have worked together.

As I prepare to farewell the school, I would like to thank our amazing staff team for their dedication to the students and to teaching. We take satisfaction in the fact that Mayfield students enjoy being at school, learning to achieve and enjoy the social interactions with friends. It has been a very successful year.

I would also like to sincerely thank the parents/whanau who have supported our school throughout the year. Many of you have come into the classrooms to assist teachers, accompanied us on school trips, helped organize events, participated in meetings, and shared kind words, concerns, or smiles. The partnership between home and school is essential for supporting our children's education, and we truly value this collaborative relationship.

The School Students Councillors have demonstrated quality leadership this year through leading and managing school events. Well done and thank you School Councillors. We wish you all the very best for your future.
